My 11yo daughter saw a Rocktopus on a random Youtube video and asked me to print her one. I elected to scale it up to 150% so the links have more diameter and last longer. As well, I removed and replaced the head with some more neck and a smoother transition from neck to body.

- PLA
- 0.2mm layer height
- 0.4mm nozzle
- 20% infill

- no supports
